Subject   Important Security Alert: Suspicious Login Detected on Your Account

Dear Otis,

We hope this message finds you well. Our security systems have detected (2) a potentially suspicious (1) login attempt on your social media account associated with Instagram. Your security is our top priority (3), and we are reaching out to ensure that you are aware (4) of this activity.

Date and Time of Login Attempt: September 18th, 20:08
Location: London, UK.

If you recognize this login and believe it was you, there is no cause for concern (5). However, if you did not initiate this login, we strongly recommend taking immediate (6) action to secure your account:

Change your password: Create a strong, unique (7) password that includes a combination of letters, numbers, and special (8) characters.
Enable two-factor authentication (if not already activated): This additional layer of security helps prevent unauthorized access to your account.
Review account activity: Check for any unauthorized(9) changes to your account settings, connected (10) devices, or recent activities.

If you need further assistance or have any questions, please do not hesitate to contact our support team at support@instagram.com. The security of your social media account is crucial to ensuring a safe online experience.

Best regards,

Marissa King
